| <b>4 Classification</b>                                         | <b>3</b>  |
| <b>5 Requirements</b>                                           | <b>3</b>  |
| 5.1 General                                                     | 3         |
| 5.2 Type 1: Standard instruments                                | 3         |
| 5.2.1 Length                                                    | 3         |
| 5.2.2 Size designation and diameters                            | 4         |
| 5.2.3 Colour designation                                        | 4         |
| 5.2.4 Tip shape                                                 | 4         |
| 5.2.5 Tip length                                                | 5         |
| 5.3 Type 2: Taper instruments                                   | 5         |
| 5.3.1 Length                                                    | 5         |
| 5.3.2 Tip shape                                                 | 5         |
| 5.3.3 Size designation                                          | 6         |
| 5.3.4 Designation and diameters                                 | 6         |
| 5.3.5 Taper designation                                         | 6         |
| 5.3.6 Diameter colour identification                            | 6         |
| 5.3.7 Taper colour and ring identification                      | 7         |
| 5.4 Type 3: Non-taper instruments                               | 7         |
| 5.4.1 Length                                                    | 7         |
| 5.4.2 Size designation and diameters                            | 7         |
| 5.4.3 Colour designation                                        | 7         |
| 5.5 Type 4: Non-uniform taper instruments                       | 8         |
| 5.5.1 Length                                                    | 8         |
| 5.5.2 Tip length and angle                                      | 8         |
| 5.5.3 Size designation                                          | 8         |
| 5.5.4 Diameter designation and diameters                        | 8         |
| 5.5.5 Diameter colour identification                            | 9         |
| 5.5.6 Taper colour and ring identification                      | 9         |
| 5.6 Type 5: Shape instruments                                   | 9         |
| 5.6.1 Length                                                    | 9         |
| 5.6.2 Size designation and diameters                            | 9         |
| 5.6.3 Colour designation                                        | 9         |
| 5.7 Material                                                    | 9         |
| 5.8 Dimensions                                                  | 10        |
| 5.8.1 General                                                   | 10        |
| 5.8.2 Length                                                    | 10        |
| 5.8.3 Handle and shank                                          | 10        |
| 5.9 Mechanical requirements                                     | 11        |
| 5.9.1 Resistance to fracture by twisting and angular deflection | 11        |
| 5.9.2 Stiffness (Resistance to bending)                         | 11        |
| 5.9.3 Handle and shank security                                 | 11        |
| 5.10 Reprocessing                                               | 12        |
| <b>6 Sampling</b>                                               | <b>12</b> |
| <b>7 Measurement and test methods</b>                           | <b>12</b> |
| 7.1 Visual inspection                                           | 12        |

|       |                                                                |           |
|-------|----------------------------------------------------------------|-----------|
| 7.2   | Test conditions.....                                           | 12        |
| 7.3   | Measurement of dimensions.....                                 | 12        |
| 7.3.1 | Principle.....                                                 | 12        |
| 7.3.2 | Measuring device.....                                          | 12        |
| 7.3.3 | Procedure.....                                                 | 12        |
| 7.3.4 | Taper calculation .....                                        | 13        |
| 7.4   | Resistance to fracture by twisting and angular deflection..... | 13        |
| 7.4.1 | Principle.....                                                 | 13        |
| 7.4.2 | Apparatus.....                                                 | 13        |
| 7.4.3 | Procedure.....                                                 | 14        |
| 7.4.4 | Expression of results.....                                     | 15        |
| 7.5   | Stiffness.....                                                 | 15        |
| 7.5.1 | Principle.....                                                 | 15        |
| 7.5.2 | Apparatus.....                                                 | 15        |
| 7.5.3 | Procedure.....                                                 | 15        |
| 7.5.4 | Expression of results.....                                     | 16        |
| 7.6   | Handle or shank security .....                                 | 16        |
| 7.6.1 | Principle.....                                                 | 16        |
| 7.6.2 | Apparatus.....                                                 | 16        |
| 7.6.3 | Preparation of test sample .....                               | 16        |
| 7.6.4 | Procedure.....                                                 | 16        |
| 7.7   | Resistance to reprocessing.....                                | 17        |
| 8     | <b>Designation, marking and identification.....</b>            | <b>17</b> |
| 8.1   | General.....                                                   | 17        |
| 8.2   | Identification symbols.....                                    | 17        |
| 9     | <b>Packaging.....</b>                                          | <b>18</b> |
| 10    | <b>Instructions for use.....</b>                               | <b>18</b> |
| 11    | <b>Labeling.....</b>                                           | <b>18</b> |
