PDF disclaimer

PDF files may contain embedded typefaces. In accordance with Adobe's licensing policy, such files may be printed or viewed but shall not be edited unless the typefaces which are embedded are licensed to and installed on the computer performing the editing. In downloading a PDF file, parties accept therein the responsibility of not infringing Adobe's licensing policy. The ISO Central Secretariat accepts no liability in this area.

Adobe is a trademark of Adobe Systems Incorporated.

Details of the software products used to create the PDF file(s) constituting this document can be found in the General Info relative to the file(s); the PDF-creation parameters were optimized for printing. Every care has been taken to ensure that the files are suitable for use by ISO member bodies. In the unlikely event that a problem relating to them is found, please inform the Central Secretariat at the address given below.

This CD-ROM contains:

- 1) the publication ISO 4413:2010 in portable document format (PDF), which can be viewed using Adobe® Acrobat® Reader;
- 2) a revisable electronic insert of the forms for collecting system and component data (Annex B).

Adobe and Acrobat are trademarks of Adobe Systems Incorporated.

Sample Document

This third edition cancels and replaces the second edition (ISO 4413:1998), which has been technically revised.

Installation

If this publication has been packaged as a zipped file, do NOT open the file from the CD-ROM, but copy it to the desired location in your local environment. Once the file has been copied to your local environment, open the file to unzip its contents. For compound documents (e.g. HTML documents comprising several files or folders, documents that have been subdivided owing to the total file size, etc.), in order for the links between documents to function properly, the file and folder names must be maintained and all the files stored in the same folder.

Where the zip file contains a Readme file, it is essential to consult this file to understand the way in which the document has been structured.
