IMPORTANT — PLEASE NOTE

This is a mark-up copy and uses the following colour coding:

- Text example 1 — indicates added text (in green)
- ~~Text example 2~~ — indicates removed text (in red)
- indicates added graphic figure
- indicates removed graphic figure
- 1.x ... — Heading numbers containing modifications are highlighted in yellow in the Table of Contents

All changes in this document have yet to reach consensus by vote and as such should only be used internally for review purposes.

DISCLAIMER

This Redline version provides you with a quick and easy way to compare the main changes between this edition of the standard and its previous edition. It doesn't capture all single changes such as punctuation but highlights the modifications providing customers with the most valuable information. Therefore it is important to note that this Redline version is not the official ISO standard and that the users must consult with the clean version of the standard, which is the official standard, for implementation purposes.
