| <b>5 Overall structure and overview of the ISO/IEC 27050 series</b> | <b>4</b>  |
| <b>6 Overview of electronic discovery</b>                           | <b>5</b>  |
| 6.1 Background                                                      | 5         |
| 6.2 Basic concepts                                                  | 5         |
| 6.3 Objectives of electronic discovery                              | 6         |
| 6.4 Electronic discovery foundation                                 | 7         |
| 6.4.1 General                                                       | 7         |
| 6.4.2 Competency                                                    | 7         |
| 6.4.3 Candour                                                       | 7         |
| 6.4.4 Cooperation                                                   | 7         |
| 6.4.5 Completeness                                                  | 7         |
| 6.4.6 Proportionality                                               | 7         |
| 6.5 Governance and electronic discovery                             | 8         |
| 6.5.1 General                                                       | 8         |
| 6.5.2 Risk and environmental factors                                | 8         |
| 6.5.3 Compliance and review                                         | 8         |
| 6.5.4 Privacy and data protection                                   | 8         |
| 6.6 ICT readiness for electronic discovery                          | 9         |
| 6.6.1 General                                                       | 9         |
| 6.6.2 Long-term retention of ESI                                    | 9         |
| 6.6.3 Maintaining ESI confidentiality                               | 9         |
| 6.6.4 Destruction of ESI                                            | 9         |
| 6.7 Planning and budgeting an electronic discovery project          | 9         |
| <b>7 Electronically Stored Information (ESI)</b>                    | <b>10</b> |
| 7.1 Background                                                      | 10        |
| 7.2 Common types of ESI                                             | 11        |
| 7.2.1 General                                                       | 11        |
| 7.2.2 Active data                                                   | 11        |
| 7.2.3 Inactive data                                                 | 11        |
| 7.2.4 Residual data                                                 | 11        |
| 7.2.5 Legacy data                                                   | 12        |
| 7.3 Common sources of ESI                                           | 12        |
| 7.3.1 General                                                       | 12        |
| 7.3.2 Custodian data sources                                        | 12        |
| 7.3.3 Non-custodian data sources                                    | 12        |
| 7.3.4 Potentially excluded sources of ESI                           | 13        |
| 7.4 ESI representations                                             | 13        |
| 7.4.1 General                                                       | 13        |
| 7.4.2 Native formats                                                | 13        |
| 7.4.3 Near-native formats                                           | 14        |
| 7.4.4 Image (near-paper) formats                                    | 14        |
| 7.4.5 Hardcopy                                                      | 14        |
| 7.5 Non-ESI as part of discovery                                    | 14        |
| <b>8 Electronic discovery process</b>                               | <b>15</b> |
| 8.1 Overview                                                        | 15        |

|                           |                                        |           |
|---------------------------|----------------------------------------|-----------|
| 8.2                       | ESI identification .....               | 17        |
| 8.3                       | ESI preservation .....                 | 17        |
| 8.4                       | ESI collection .....                   | 17        |
| 8.5                       | ESI processing .....                   | 18        |
| 8.6                       | ESI review .....                       | 18        |
| 8.7                       | ESI analysis .....                     | 18        |
| 8.8                       | ESI production .....                   | 18        |
| <b>9</b>                  | <b>Additional considerations .....</b> | <b>19</b> |
| 9.1                       | Presentation of ESI .....              | 19        |
| 9.2                       | Chain of custody and provenance .....  | 19        |
| <b>Bibliography .....</b> |                                        | <b>20</b> |
