| <b>Foreword</b>                                                                | <b>v</b>  |
| <b>Introduction</b>                                                            | <b>vi</b> |
| <b>1 Scope</b>                                                                 | <b>1</b>  |
| <b>2 Normative references</b>                                                  | <b>1</b>  |
| <b>3 Terms and definitions</b>                                                 | <b>1</b>  |
| <b>4 Considerations for prevention and control of infection in exhibitions</b> | <b>2</b>  |
| 4.1 General                                                                    | 2         |
| 4.2 Roles and responsibilities in drafting contingency plan                    | 3         |
| 4.3 Education and communication                                                | 3         |
| 4.3.1 Pre-event                                                                | 3         |
| 4.3.2 During the event                                                         | 4         |
| 4.3.3 Post-event                                                               | 4         |
| 4.4 Personal protective equipment (PPE)                                        | 4         |
| 4.5 Recommended disinfectants                                                  | 4         |
| 4.6 Entrances, exits, signage and queuing                                      | 4         |
| 4.7 Consideration for visitors                                                 | 5         |
| 4.8 Evaluation                                                                 | 5         |
| <b>5 Risk assessment for an outbreak</b>                                       | <b>6</b>  |
| 5.1 Responsibilities for risk assessment                                       | 6         |
| 5.2 Risk assessment processes and steps                                        | 6         |
| 5.3 Infection risk measurement                                                 | 6         |
| <b>6 Continuity of essential services in an outbreak</b>                       | <b>7</b>  |
| <b>7 Capacity building for an outbreak</b>                                     | <b>7</b>  |
| <b>8 Rapid response mechanisms in an outbreak</b>                              | <b>8</b>  |
| <b>9 Management of infection-related incidents</b>                             | <b>9</b>  |
| 9.1 General                                                                    | 9         |
| 9.2 Infection-related incident management process                              | 9         |
| 9.3 Infection-related incident management structure                            | 10        |
| 9.3.1 General                                                                  | 10        |
| 9.3.2 Roles and responsibilities                                               | 11        |
| 9.3.3 Resource management                                                      | 11        |
| <b>10 Further recommendations for the organizer</b>                            | <b>11</b> |
| 10.1 Planning stage                                                            | 11        |
| 10.1.1 General                                                                 | 11        |
| 10.1.2 Disinfection management                                                 | 12        |
| 10.1.3 Physical distancing management                                          | 12        |
| 10.1.4 Other considerations                                                    | 12        |
| 10.2 Operation stage                                                           | 13        |
| 10.2.1 General                                                                 | 13        |
| 10.2.2 Disinfection management                                                 | 13        |
| 10.2.3 Physical distancing management                                          | 13        |
| <b>11 Further recommendations for the venue operator</b>                       | <b>13</b> |
| 11.1 Planning stage                                                            | 13        |
| 11.1.1 General                                                                 | 13        |
| 11.1.2 Disinfection management                                                 | 13        |
| 11.1.3 Physical distancing management                                          | 14        |
| 11.1.4 Other considerations                                                    | 14        |
| 11.2 Operation stage                                                           | 14        |
| 11.2.1 Disinfection management                                                 | 14        |
| 11.2.2 Physical distancing management                                          | 14        |
