NORME EUROPÉENNE
EUROPÄISCHE NORM

DRAFT
prEN 13409

February 2026

ICS 91.100.99

Will supersede EN 13409:2002

English Version

Adhesives - Test method for cementitious and calciumsulfate-based floor levelling compounds - Determination of setting time

Adhésifs - Méthode d'essai pour les mortiers de
nivellement à base de ciment et de sulfate de calcium -
Détermination du temps de prise

Klebstoffe - Prüfverfahren für zement- und
calciumsulfatbasierte Bodenspachtelmassen -
Bestimmung der Abbindezeit

This draft European Standard is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 193.

If this draft becomes a European Standard, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

This draft European Standard was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

European foreword

This document (prEN 13409:2026) has been prepared by Technical Committee CEN/TC 193 “Adhesives”, the secretariat of which is held by UNE.

This document is currently submitted to the CEN Enquiry.

This document will supersede EN 13409:2002.

prEN 13409:2026 includes the following significant technical changes with respect to EN 13409:2002:

- term “hydraulic setting floor smoothing and/or levelling compounds” changed to “cementitious and calciumsulfate-based floor levelling compounds”;
- concretisation of the scope;
- editorial changes.
