Vergnügungsanlagen - Teil 3: Anforderungen für die
Inspektion während der Konstruktion, Herstellung,
Betrieb und Nutzung

This draft European Standard is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 152.

If this draft becomes a European Standard, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

This draft European Standard was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

European foreword

This document (prEN 13814-3:2026) has been prepared by Technical Committee CEN/TC 152 “*Fairground and amusement park machinery and structures - Safety*”, the secretariat of which is held by UNI.

This document is currently submitted to the CEN Enquiry.

This document will supersede EN 13814-3:2019+A1:2024.

In comparison with EN 13814-3:2019+A1:2024, this document has been updated to incorporate new terms for the persons attending a theme park of fairground. Checking the existence of an OURA by the inspection body has been added. A section of function testing (FAT and SAT) has been added. A section on Installation examination has been added. Finally, cross references to parts 1 and 2 have been updated.

EN 13814 consists of the following parts, under the general title “Safety of amusement rides and amusement devices”:

- Part 1: Design and Manufacture
- Part 2: Operation, Maintenance and Use
- Part 3: Requirements for inspection during design, manufacture, operation and use
