DRAFT
prEN 15385

May 2026

ICS 55.120

Will supersede EN 15385:2007

English Version

Packaging - Flexible laminate and extruded plastic tubes - Test methods to determine the strength of the head welding

Emballages - Tubes souples laminés et tubes plastiques
extrudés - Méthodes d'essai pour déterminer la
résistance de la soudure de la tête

Packmittel - Laminattuben und extrudierte
Kunststofftuben - Prüfverfahren zur Bestimmung des
Festigkeit der Kopfnaht

This draft European Standard is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 261.

If this draft becomes a European Standard, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

This draft European Standard was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

European foreword

This document (prEN 15385:2026) has been prepared by Technical Committee CEN/TC 261 “Packaging”, the secretariat of which is held by AFNOR.

This document is currently submitted to the CEN Enquiry.

This document will supersede EN 15385:2007.

prEN 15385:2026 includes the following significant technical changes with respect to EN 15385:2007:

- “extruded plastic tubes” added to the scope;
- principle updated;
- test procedure specified;
- updated bibliography.
