EUROPÄISCHE NORM

DRAFT
prEN 17756

August 2026

ICS

Will supersede CEN/TS 17756:2022

English Version

**Fertilizers, liming materials and inhibitors - Determination
of the chloride content**

Organische Düngemittel, organisch-mineralische
Düngemittel, anorganische Düngemittel und
Kalkdünger - Bestimmung des Chloridgehaltes

This draft European Standard is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 260.

If this draft becomes a European Standard, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

This draft European Standard was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

European foreword

This document (prEN 17756:2026) has been prepared by Technical Committee CEN/TC 260 “Fertilizers and liming materials”, the secretariat of which is held by DIN.

This document is currently submitted to the CEN Enquiry.

This document will supersede CEN/TS 17756:2022.

prEN 17756:2026 includes the following significant technical changes with respect to CEN/TS 17756:2022:

- a) The CEN Technical Specification has been adopted as a European Standard including the addition of Annex ZA;
- b) Determination of the chloride content in inhibitors added to Clause 5;
- c) Scope (Clause 1) updated;
- d) Normative references (Clause 2) updated;
- e) Bibliography updated.

This document has been prepared under a standardization request addressed to CEN by the European Commission. The Standing Committee of the EFTA States subsequently approves these requests for its Member States.

For the relationship with EU Legislation, see informative Annex ZA, which is an integral part of this document.
