
Metoda preskušanja cementa - 17. del: Določanje vsebnosti stekla v granulirani plavžni žlindri kot sestavini za običajni cement

Method of testing cement - Part 17: Determination glass content of granulated blast furnace slag as constituent for common cement

Prüfverfahren für Zement - Teil 17: Bestimmung des Glasgehalts von Hüttensand als Bestandteil von Normalzement

Méthode d'essai des ciments - Partie 17: Détermination de la teneur en verre du laitier granulé de haut-fourneau comme constituant d'un ciment courant

Ta slovenski standard je istoveten z: **prEN 196-17**

DRAFT
prEN 196-17

August 2026

ICS 91.100.10

English Version

**Method of testing cement - Part 17: Determination glass
content of granulated blast furnace slag as constituent for
common cement**

Prüfverfahren für Zement - Teil 17: Bestimmung des
Glasgehalts von Hüttensand als Bestandteil von
Normalzement

This draft European Standard is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 51.

If this draft becomes a European Standard, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

This draft European Standard was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.
