EUROPÄISCHE NORM

DRAFT
prEN 50625-1

October 2025

ICS 13.030.99; 29.100.01; 31.220.01

Will supersede EN 50625-1:2014

English Version

Collection, logistics & Treatment requirements for WEEE Part 1:
General treatment requirements

Exigences de collecte, logistique et traitement pour les
déchets d'équipements électriques et électroniques (DEEE)
- Partie 1: Exigences générales du traitement

Sammlung, Logistik und Behandlung von Elektro- und
Elektronik-Altgeräten (WEEE) - Teil 1: Allgemeine
Anforderungen an die Behandlung

This draft European Standard is submitted to CENELEC members for enquiry.
Deadline for CENELEC: 2026-01-09.

It has been drawn up by CLC/TC 111X.

If this draft becomes a European Standard, CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

This draft European Standard was established by CENELEC in three official versions (English, French, German).
A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and the United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.

European Committee for Electrotechnical Standardization
Comité Européen de Normalisation Electrotechnique
Europäisches Komitee für Elektrotechnische Normung

prEN 50625-1:2025 (E)**57 European foreword**

58 This document (prEN 50625-1:2025) has been prepared by CLC/TC 111X "Environmental aspects for
59 electrical and electronic products and systems".

60 This document is currently submitted to the Enquiry.

61 The following dates are proposed:

- latest date by which the existence of this document has to be announced at national level (doa) dav + 6 months
- latest date by which this document has to be implemented at national level by publication of an identical national standard or by endorsement (dop) dav + 12 months
- latest date by which the national standards conflicting with this document have to be withdrawn (dow) dav + 36 months (to be confirmed or modified when voting)

62 This document will supersede EN 50625-1:2014 and all of its amendments and corrigenda (if any).

63 prEN 50625-1:2025 includes the following significant technical changes with respect to EN 50625-1:2014:

64 — ...

65 — ...

66 This document has been prepared under a standardization request addressed to CENELEC by the European
67 Commission. The Standing Committee of the EFTA States subsequently approves these requests for its
68 Member States.
