SLOVENSKI STANDARD
SIST EN 14626:2025/oprA1:2026

01-december-2026

Zunanji zrak - Standardna metoda za določanje koncentracije ogljikovega monoksida z nedisperzivno infrardečo spektroskopijo - Dopolnilo A1

Ambient air - Standard method for the measurement of the concentration of carbon monoxide by non-dispersive infrared spectroscopy

Außenluft - Messverfahren zur Bestimmung der Konzentration von Kohlenstoffmonoxid mit nicht-dispersiver Infrarot-Photometrie

Sample Document

Air ambiant - Méthode normalisée de mesurage de la concentration en monoxyde de carbone par spectroscopie à rayonnement infrarouge non dispersif

English Version

Ambient air - Standard method for the measurement of the concentration of carbon monoxide by non-dispersive infrared spectroscopy

Air ambiant - Méthode normalisée de mesurage de la concentration en monoxyde de carbone par spectroscopie à rayonnement infrarouge non dispersif

Außenluft - Messverfahren zur Bestimmung der Konzentration von Kohlenstoffmonoxid mit nicht-dispersiver Infrarot-Photometrie

This draft amendment is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 264.

This draft amendment A1, if approved, will modify the European Standard EN 14626:2024. If this draft becomes an amendment, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for inclusion of this amendment into the relevant national standard without any alteration.

Sample Document

This draft amendment was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

European foreword

This document (EN 14626:2024/prA1:2026) has been prepared by Technical Committee CEN/TC 264 “Air quality”, the secretariat of which is held by DIN.

This document is currently submitted to the CEN Enquiry.

This amendment addresses only the critical errors identified in the EN 14626:2024. Errors considered as minor by CEN/TC 264/WG 12 will be addressed in the subsequent revision of EN 14626.

This document has been prepared under a Standardization Request given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of EU Directive(s) / Regulation(s).
