English Version

Intelligent transport systems - ESafety - ECall end to end conformance testing for IMS packet switched based systems

Systèmes de transport intelligents - ESafety - Essais de
conformité du système eCall de bout en bout pour les
systèmes IMS basés sur la commutation de paquets

Intelligente Verkehrssysteme - eSicherheit - eCall-
Ende-zu-Ende Konformitätsprüfungen für IMS-
paketvermittelte Systeme

This draft amendment is submitted to CEN members for enquiry. It has been drawn up by the Technical Committee CEN/TC 278.

This draft amendment A1, if approved, will modify the European Standard EN 17240:2024. If this draft becomes an amendment, CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for inclusion of this amendment into the relevant national standard without any alteration.

This draft amendment was established by CEN in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.

Recipients of this draft are invited to submit, with their comments, notification of any relevant patent rights of which they are aware and to provide supporting documentation.

Warning : This document is not a European Standard. It is distributed for review and comments. It is subject to change without notice and shall not be referred to as a European Standard.
