

# SLOVENSKI STANDARD

## SIST EN 302 217-4 V2.2.1:2025

01-september-2025

---

**Fiksni radijski sistemi - Karakteristike in zahteve za opremo in antene tipa točka-točka - 4. del: Antene**

Fixed Radio Systems - Characteristics and requirements for point-to-point equipment and antennas - Part 4: Antennas

iTeh Standards  
(<https://standards.iteh.ai>)

Ta slovenski standard je istoveten z: **ETSI EN 302 217-4 V2.2.1 (2025-07)**

| 4.4.6 Frequency range 4: 24 GHz to 30 GHz.....                                 | 24        |
| 4.4.7 Frequency range 5: 30 GHz to 47 GHz.....                                 | 26        |
| 4.4.8 Frequency range 6: 47 GHz to 71 GHz.....                                 | 30        |
| 4.4.9 Frequency range 7: 71 GHz to 86 GHz.....                                 | 32        |
| 4.4.10 Frequency range 8: 92 GHz to 114,25 GHz.....                            | 35        |
| 4.4.11 Frequency range 9: 130 GHz to 175,8 GHz.....                            | 36        |
| 4.5 Cross-Polar Discrimination (XPD).....                                      | 37        |
| 4.5.1 XPD categories .....                                                     | 37        |
| 4.5.2 XPD category 1.....                                                      | 37        |
| 4.5.3 XPD categories 2 and 3 .....                                             | 37        |
| 4.5.3.1 Frequency range 1 GHz to 3 GHz .....                                   | 37        |
| 4.5.3.2 Frequency range 3 GHz to 174,8 GHz .....                               | 38        |
| 4.6 Antenna gain .....                                                         | 39        |
| 5 Testing for compliance with technical requirements.....                      | 40        |
| 5.1 Environmental conditions for testing .....                                 | 40        |
| 5.2 General test prescription.....                                             | 40        |
| 5.2.1 Wide radio-frequency band covering antennas specification and tests..... | 40        |
| 5.2.2 Self-alignment tracking antennas .....                                   | 40        |
| <b>Annex A (informative): Additional information.....</b>                      | <b>41</b> |
| A.1 Mechanical characteristics .....                                           | 41        |
| A.1.1 Environmental characteristics .....                                      | 41        |
| A.1.2 Wind ratings .....                                                       | 41        |
| A.1.3 Antenna stability .....                                                  | 41        |
| A.2 Antenna port connectors.....                                               | 41        |
| A.3 Return loss at the port connectors .....                                   | 42        |
| A.3.1 Background .....                                                         | 42        |
| A.3.2 Typical RL guidelines .....                                              | 42        |
| A.4 Inter-port isolation.....                                                  | 42        |
| A.5 Antenna labelling .....                                                    | 42        |

|                               |                                                                          |           |
|-------------------------------|--------------------------------------------------------------------------|-----------|
| <b>Annex B (informative):</b> | <b>Antenna gain and radiation pattern information .....</b>              | <b>43</b> |
| B.1                           | Impact of antenna gain on the frequency planning .....                   | 43        |
| B.2                           | Typical Gain and Radiation Pattern for circular-symmetric antennas ..... | 43        |
| B.2.1                         | Introduction .....                                                       | 43        |
| B.2.2                         | Gain .....                                                               | 44        |
| B.2.3                         | Radiation pattern .....                                                  | 44        |
| <b>Annex C (informative):</b> | <b>Change history .....</b>                                              | <b>45</b> |
| History .....                 |                                                                          | 46        |
